ADVANCE DIRECTIVES:

An "Advance directive" is a general term that refers to your oral and written instructions about your future medical care, in the event that you become unable to speak for yourself. Each state regulates the use of advance directives differently. There are two types of advance directives: a living will and a medical power of attorney. If you would like a copy of the official State advance directive forms, visit http://www.calhealth.org/Download/AdvanceDirective_English.pdf. Or http://www.calhealth.org/Download/AdvanceDirective_Spanish.pdf

OUR SURGERY CENTER'S ADVANCE DIRECTIVE POLICY:

Las Ventanas Surgery Center does not honor a "Do Not Resuscitate" portion of an advance directive. Of course, no surgery is without risk. You and your surgeon will have discussed the specifics of your procedure and the risk associated with your procedure, the expected recovery and the care after your surgery. It is the policy of Las Ventanas Surgery Center, regardless of the contents of any advance directive or instructions from a health care surrogate or attorney, in fact, that if an adverse event occurs during your treatment at Las Ventanas Surgery Center, the personnel at the Surgery Center will initiate resuscitative or other stabilizing measures and transfer you to an acute care hospital for further evaluation.

PHYSICIAN DISCLOSURE:

If your treatment program requires a surgical procedure your doctor may perform the surgery at Las Ventanas Surgery Center. Your physician may or may not have an ownership interest in the Surgery Center as not all physicians who practice here have an ownership interest. As a patient, you have the right to receive a list of all physician owners in this facility, upon request. This information is required by the Federal Government to be presented to all patients before their surgery.

All of Our Surgeons are Licensed and Regulated by the Medical Board of California.
